dedication

Before the Creation came the idea of creation; before art, there was the conception of art. Man's sacrifice of himself to the creative idea provides the link between the greatness of past societies and the ambitions of the present. The 1967 Cauldron is dedicated to those members of the Northeastern community who are participating in the creative process.

president's message

It is a pleasure to extend my congratulations to the Class of 1967 upon the occasion of your graduation from Northeastern.

Although this is a long-awaited event, I am sure you realize that it is but a stepping stone in the life-long process of education. As students at Northeastern, you have seen your University grow in size and academic stature.

You are fortunate that you have had an education characterized by frequent exposure to the problems of modern society. Through Cooperative Education you have gained a unique insight into the job that lies ahead. Society awaits your fine talents.

As you go forth, you will soon find that education can be a hard taskmaster. It creates an unquenchable thirst to know more in order to serve more, for one of the end productions of education is service. You are beginning your careers at a time of unlimited opportunities for service. Accept the challenges before you and in so doing, "May the road rise with you . . . May the wind be ever at your back," and may God bless your every endeavor.

A handwritten signature in black ink, reading "Asa S. Knowles". The script is fluid and cursive, with the first name "Asa" and last name "Knowles" clearly distinguishable.

Asa S. Knowles

president

Northeastern University

All living things have a season of preparation. A plant is begun underground and, following a cycle of weeding and watering, breaks the surface as a flower.

College is the growing season of the spirit, when nourishment is ideas and experiences which must be sifted, examined, and often discarded. There is a literal weeding-out of academic failures among students, as each successive term becomes more difficult.

Like a flower, the mind is capable of attaining a rare and beautiful maturity; this is the objective of education.

the flattened image

A Flattened Image

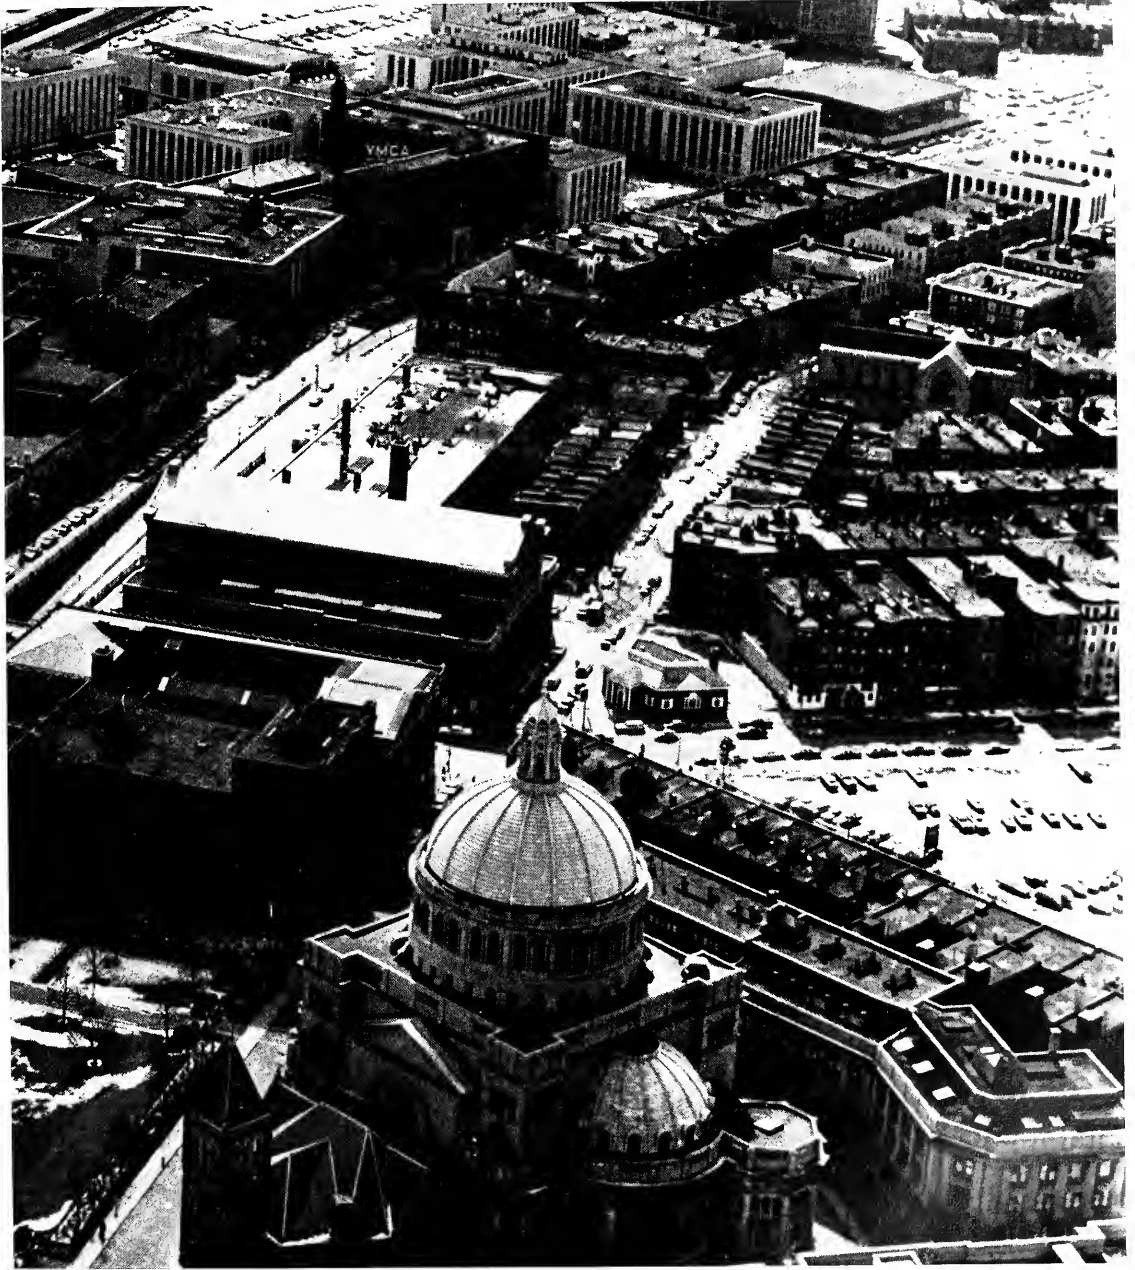

*The city awakens. We are weighted
As shadows against the grey sheets.
Behind our faces the patterns of yesterday
Chafe, like glass splinters.*

*We let in the morning through windows,
The mirror catching the room's surface.
We bend forward
To memorize the flattened image.*

To some students, the world of the university presents a unique experience, where he can display his individual delight in the process of learning. Some organizations, aware of this vocational interest, provide the successful student with due recognition.

The success of a college course relies on the instructor's ability to confront students with observations which antagonize old prejudices or which establish greater security for their own evaluations. This unique communication between individuals is the substance of education.

ROTC, a most specialized segment of university life, has become in 1967 a source for student concern. Although deeply involved in the War-Morality debate, the organization continues to draw many young men who are convinced of the importance of serving as officers in the United States Army.

FOOTBALL

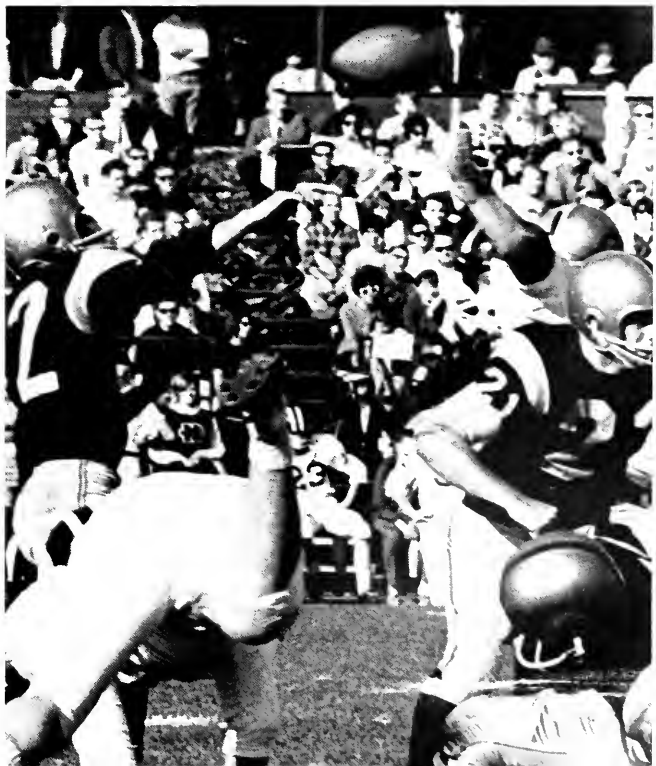

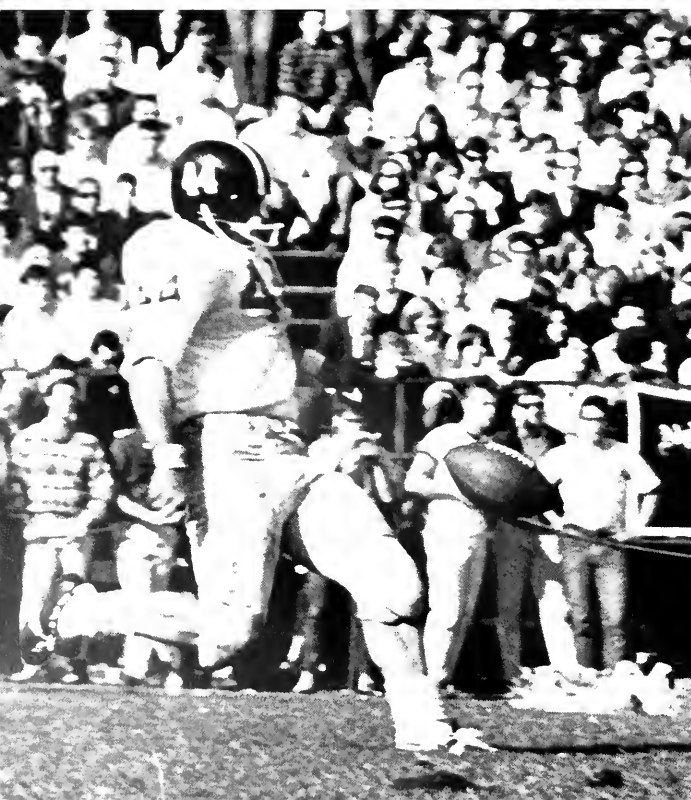

Starting with the bomb and ending with Coach Joe Zabilski's fourth consecutive winning season as Husky mentor, the 1965 Northeastern gridders chalked up one of the finest football records in University history.

Their 6-2 record showed a fine opening win over powerful C. W. Post and heartbreaking losses to Bridgeport and Springfield.

Seniors playing excellent ball for the Z-men all year included Captain Bob Cappadona, Jim Thornton, Joe Zapustas, Ralph Goslin, Mike Mastro, Joe Verrette, Jim Beatrice and Brian Welch. Cappadona, the leading career and single season rusher in Northeastern annals, went on to play for the Boston Patriots. Cappy, despite sitting out the last two games of the season, led the squad in rushing and scoring for the third straight year as he gained 597 yards and tallied 54 points. The bruising fullback from Watertown posted a single game high of 22 points in the Huskies' 36-0 drubbing of AIC.

Thornton, Cappy's backfield mate for three varsity years, was second in rushing—also for the third consecutive year. Thornton piled up 431 yards and was runner-up in scoring with 26 points. Junior Joe DeBella, sitting out several games due to injuries, gained 327 yards on the ground.

Quarterback Zapustas, slated to see second-string duty behind sophomore Lou Tomasello, stepped in when Tomasello was hurt in the opening game and passed for 657 yards and a 53 per cent completion average — 40 of 75 — the best Husky passing marks since 1953.

The Z-men played perhaps their best game of the season in overwhelming the highly-touted Pioneers of Post by a 34-15 margin. Tomasello set the tone of the game on the first offensive play as he connected on a 70-yard bomb to junior end Dick Wilcox. That game, however, marked the last starting assignment for Tomasello as he injured his knee in the fourth quarter.

A heartbreaking, 14-6 loss to Bridgeport came next for Northeastern, despite Zapustas' 11-for-17 performance in his first starting assignment. The fired-up Huskies trounced Colby, 40-22, in their next outing, then whipped AIC, 36-0, as Cappadona netted 108 yards rushing and scored 22 points. In that tilt, sophomore scatback Jack Martinelli returned an AIC kickoff 91 yards for the longest Husky runback of the season.

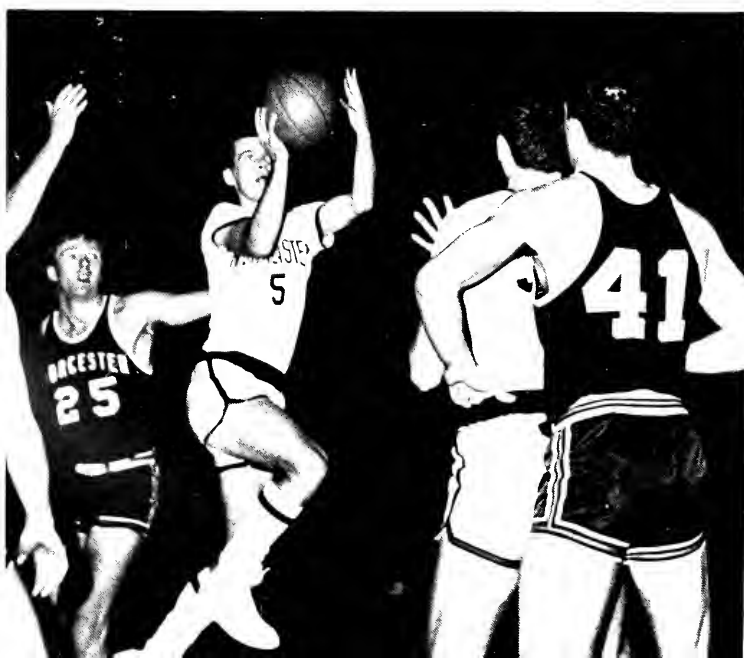

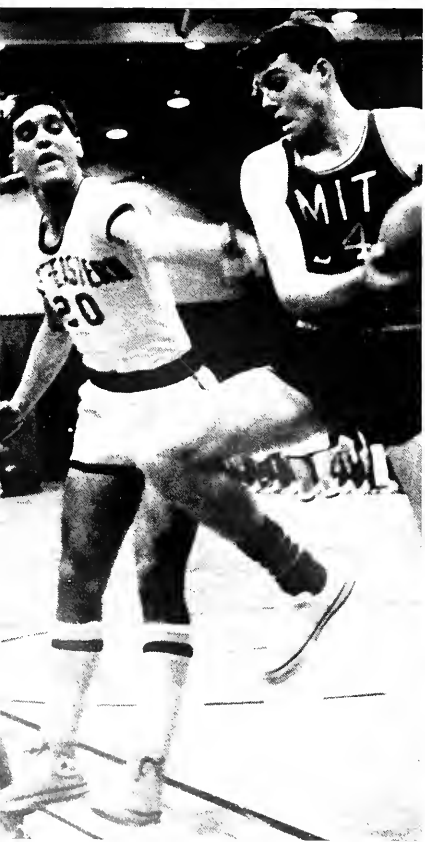

Springfield handed the Z-men their second loss, 16-14, in a game that saw Cappadona crack the 2,000-yard career rushing mark to become only the fifth New England collegian to amass that many yards in a career.

Homecoming Day saw the Huskies knock off New Hampshire, 26-13, as Cappy tallied twice and De-Bella and Zapustas once each to lead the attack. Northeastern put its best foot forward in the person of sophomore Dick Quigley, who hit for field goals of 31 and 51 yards.

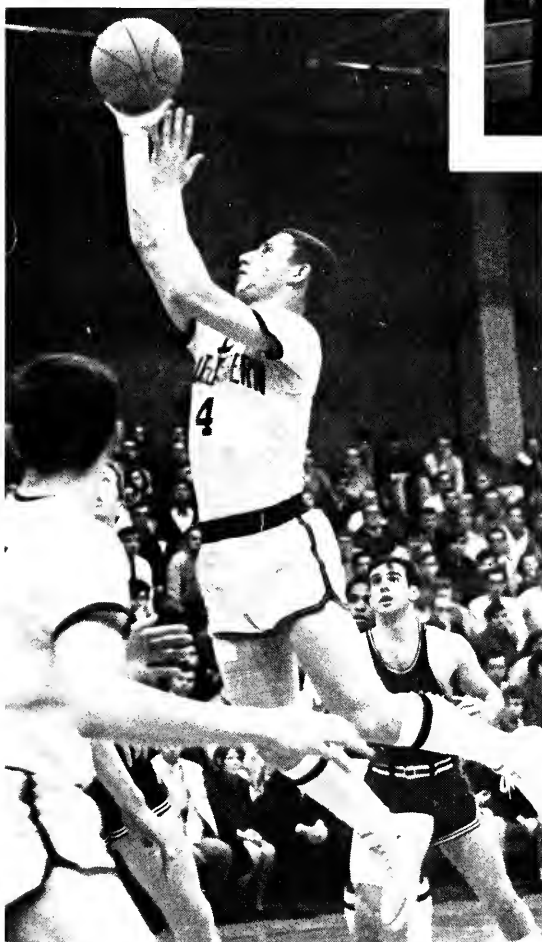

BASKETBALL

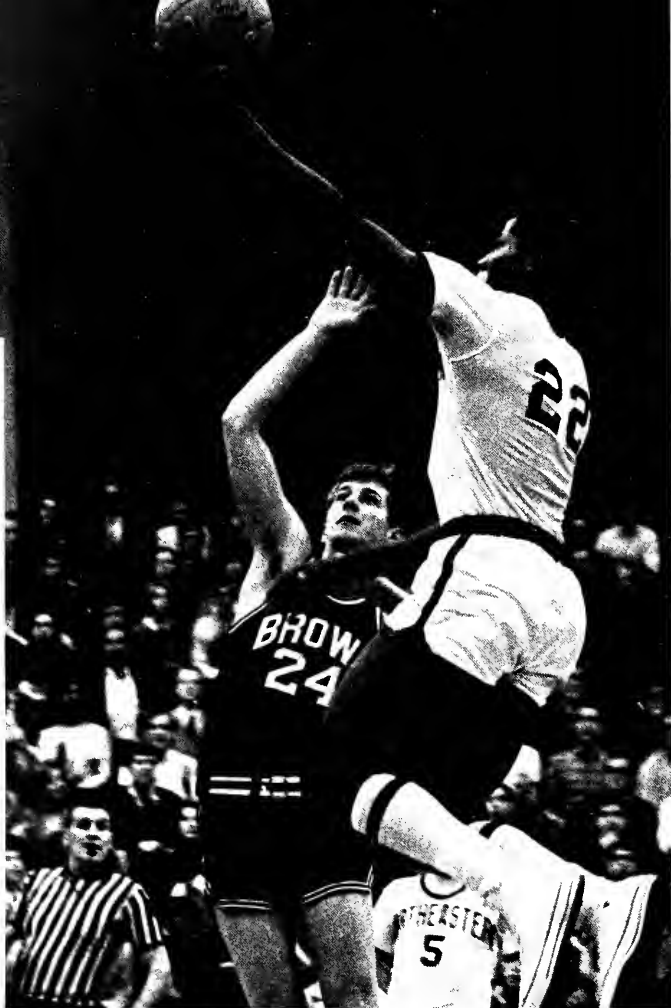

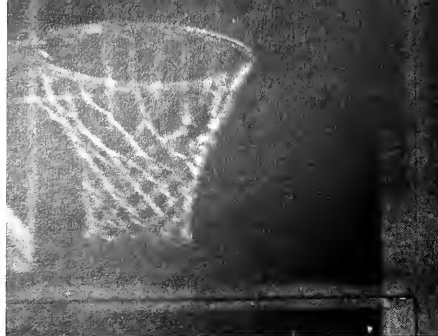

An 18-8 record and a fourth NCAA Regional tourney bid in five years highlighted the 1965-66 Northeastern basketball season. And for the fourth time in four tries the charges of Coach Dick Dukeshire reached the finals; they stand 2-2 in final round contests in the tournament. Again the nemesis was Assumption, which topped the Huskies, 93-63.

Seniors Gerry Knight and Len Sorin sparkled for the Huskies all year as they continued Northeastern's winning tradition under the Duke. Captain Knight, playing a forward post most of the season, was the team's third leading scorer with a 12-point average. Sorin, seeing spot duty, performed well in the clutch.

Rick Weitzman and Jim McNaught, two junior back-courtment, led the Dukemen as both scored close to 14 points per game. Another junior, Art Christopher, led the team in rebounding. Sophomore sensation Harry Barnes won a place on the All-New England College Division team with his fine shooting and top-notch defensive work.

This was the season the Huskies set a Northeastern record for consecutive victories, rolling up nine during a mid-season streak.

The Huskies got off to a slow start as they lost four of their first nine games — including losses to B.C., Assumption and Springfield. In one of the most exciting games of the season, the Dukemen topped major college power Harvard, 67-65, on a final-second tip-in by Barnes.

Poise in the clutch was evident in the Northeastern win over Fairleigh Dickinson on the latter's court. Tied at 68 in regulation, the Huskies scored 12 points in overtime, while holding the Panthers to one.

As has been the case of late, the Dukemen played close to B.C., rated near the top among major college teams in the East. The Huskies, in both Eagle games, lost a regular-season contest, 70-63, while dropping the Beanpot Tournament final, 85-78.

A big win over second-rated AIC, 81-79, late in the season put Northeastern into solid contention for the tourney berth. However, another tournament win was not to be as the Greyhounds trounced the Huskies, who, the night before, had toppled Springfield, 93-80.

A major milestone was reached by Dukeshire during the season as the Harvard squeaker marked the Duke's 100th victory as Northeastern coach.

HOCKEY

For the second straight year, Northeastern's hockey team fulfilled its pre-season objective by qualifying for the Eastern Collegiate Athletic Conference tournament and for the second time the Huskies succumbed in the opening round, losing to Boston University, 4-1.

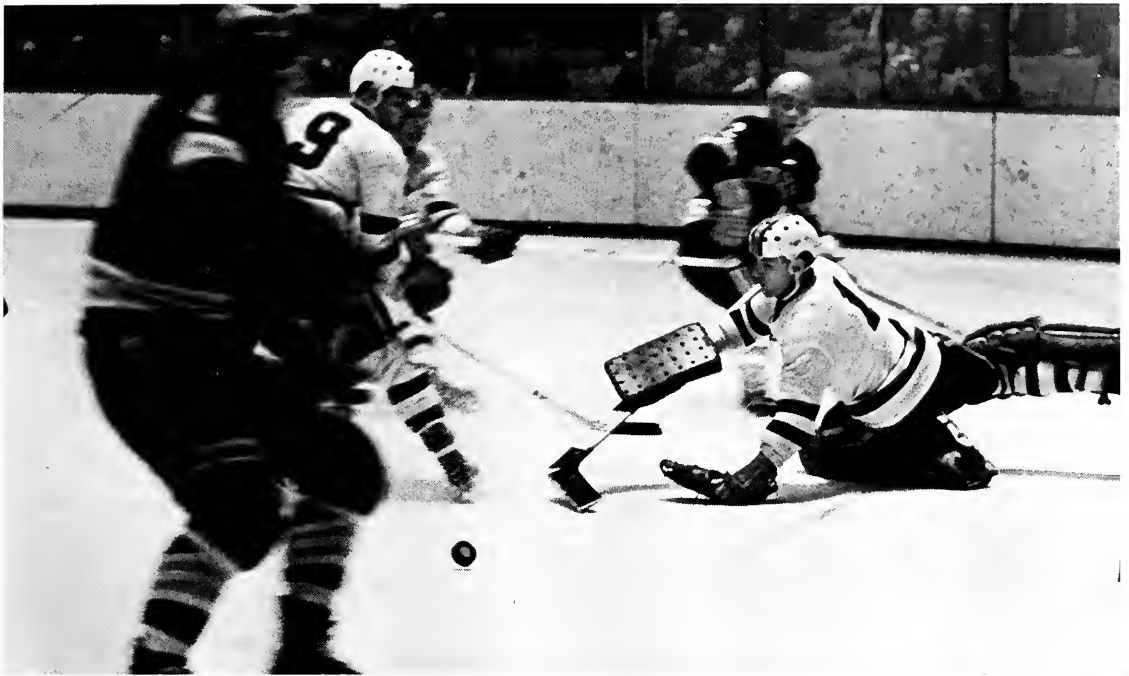

Coach Jim Bell's team was buoyed all season by a strong senior first line, with center Larry Bone and wings Bill Seabury and Bob DeBlois putting the puck into the net consistently. Jim Leu, a junior and center on the second line, was one of the big surprises as he led the ECAC with 32 goals and 16 assists for a Husky-leading 48 points. The Huskies also received strong performances on defense from the "Kapuskas-ing Kids," Don Turcotte and Ron Jeannault, both juniors, and senior George Campbell.

Northeastern hockey teams are traditionally slow starters and the 1965-66 season was no different as Brown surprised the hopeful Huskies, 8-3, in the opener. After floundering for a while, the team hit one of its patented hot streaks, winning five straight and seven of eight until the Beanpot.

It was there that Husky fans were sure their team would rise to the occasion and take its first city championship, but Northeastern failed to get by Harvard for the second time of the season, dropping a 5-1 contest in the preliminaries. In the consolation against Boston College, which lost to BU in the opening round, the Huskies were foiled again, 5-3.

Probably the thing that hurt the Huskies most from the start was that big things were expected on the basis of the previous year when Coach Bell had his first winning season with an 18-10 slate and his first ECAC tourney bid. That, plus the fact the Huskies had been champions of New York's Madison Square Garden Hockey Holiday Festival, many looked for even better things since most of the squad was returning.

Further, Northeastern's record against Division I teams was less impressive. While the Huskies did win 16 games, seven of them were against the lesser competition of Division II.

The ECAC tourney closed out the careers of five of Northeastern's best — Captain Bone, Seabury and DeBlois, fine playmaker Joe McGillivray and defenseman Campbell.

BASEBALL

It was quite a year for Coach John "Tinker" Connelly's baseball Huskies as both the Greater Boston League and New England Regional titles were added to the list of Northeastern championships.

The Huskies, representing District I, traveled to Omaha, Neb., to compete in the College World Series after the regular season, but were eliminated after dropping their first two games to strong squads from St. John's of New York and the University of Texas.

The trip to Omaha closed out the collegiate careers of relief pitchers Leo Fein, who served as captain, and Kevin Field, who had a perfect 3-0 slate. Herm Beranyk, Paul Dunphy, Fred Kos and Steve Grolnic also hung up their spikes after their greatest season for the New England champs.

A young and under-rated Northeastern squad took the New England crown in dramatic fashion in a single-elimination tournament at Fenway Park by edging a tough Colby team, 5-4, in the preliminary round and breezing past favored Boston College, 10-2, in the final the following day.

First baseman Kos was the hero in the opener as he drove in four runs with a homer and a double off the serves of Colby's ace hurler, Ed "No-Hit" Phillips. Sophomore southpaw Ed McCarty was nurturing a 3-0 lead for Northeastern in the sixth inning when the White Mules put together a string of hits and capitalized on two Husky errors, to take the lead, 4-3. In the last half of the inning, Kos slammed a two-strike fastball into the centerfield bleachers, 400 feet from home plate, escorting Northeastern into the finals.

Left-hander Grolnic, whose fine record earned him the nod from Boston sports scribes as the Most Valuable Pitcher in the GBL, was Tinker's choice to start in the final against the Eagles from BC. Junior left-fielder Dick Paster helped the Huskies get over a shaky start when he cleared the bases with a double in the second inning to put BC down, 6-1, and Grolnic took care of the rest. The 10-2 thrashing was the third straight win over the Eagles, who were heavily favored to take top New England honors before the season began.

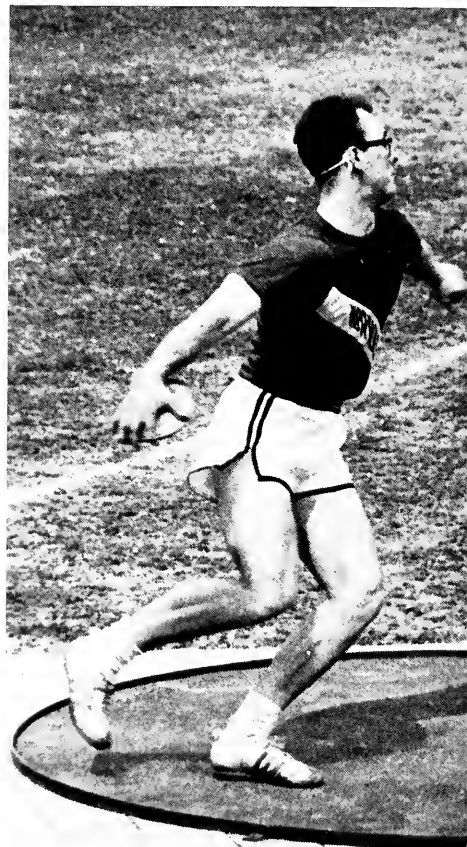

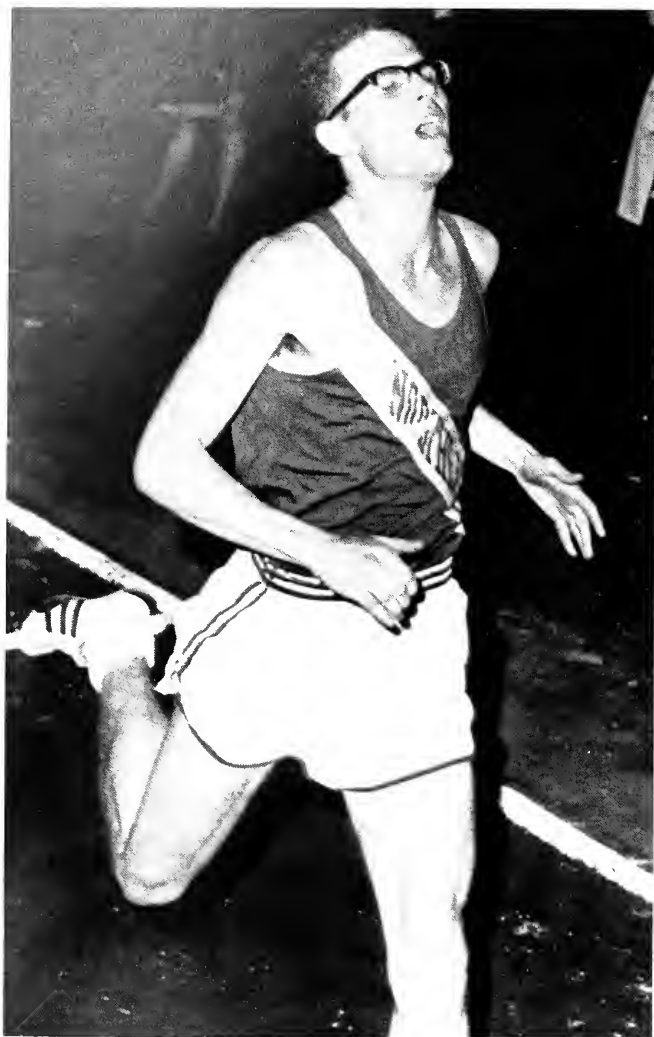

Coach Connelly's nine had earlier earned its first GBL crown with a 14-0 drubbing of MIT at Kent Field that brought Northeastern's league record to 8-1, a mark which included victories over the Eagles, Boston University, Tufts, Brandeis and the Engineers. Harvard was the only league team to foil an undefeated Husky season as it caught Northeastern on a cool day and breezed to a 14-2 triumph.

It was a starry season all around as five Husky starters were chosen for the GBL All-Star team. Besides Grolnic and McCarty, Northeastern placed junior catcher Ron Powers, one of the more pleasant surprises on one of the all-time surprise teams. The talented backstop had to replace Dave Coleman — one of the finest players in Husky history — and he came through superbly. Another was outfielder Dunphy, who came back after a disappointing junior year to lead the Huskies in batting with a .316 mark.

TRACK

The 1965-66 track season marked the end of a sports era at Northeastern. Coach Gerry Tatton stepped down after 28 years at the helm, but the former track star stayed on to assist his successor, Irwin Cohen. The season also marked the final one for Husky greats Dave Dunsy, Bill Kneeland, Dave Post and Willie Cater.

The cross country squad started off the year on the right foot, compiling a 7-1 record. The Huskies had their 22-meet win streak broken early in the campaign by Powerhouse Harvard. Paced by the finest one-two running punch in New England, Dunsy and Captain Kneeland, the team placed second in the Greater Boston Championships behind the Crimson.

Senior Jack Lobban was a consistent performer, while Kneeland was the recipient of the Northeastern Track Club's annual Edward Shea Memorial Award for outstanding achievement.

The indoor Husky trackmen extended their unbeaten skein to 29 meets by running up a 10-0 slate. Although hurt by the loss of stars Carl Wallin, Bill Corsetti and Mike Glynn through graduation, the team proved too formidable for any opponent. Dunsky and Kneeland were again the Husky mainstays, Dunsky setting a new Northeastern mark in the two-mile, while Kneeland broke the mile record.

Post, talented javelin thrower, was practically the entire weight team, taking firsts in the shot put and the weight throw in nearly every dual meet. And Cater, missing part of the year because of open heart surgery, came back to consistently win the dash, broad jump and hurdles. Following the familiar pattern, it was only Harvard that could top the Huskies in the indoor GBCs.

The outdoor squad also had a lengthy win streak going into the season, but had it snapped by the Eagles of Boston College. The Dunskey-led team, however, bounced back fast and finished the year with a 6-1 record. The highlight of the spring was a record performance by Cater who, despite time lost due to his illness, amassed enough points to shatter the total set in 1962.

Senior Bob Woods was a pleasant surprise for the trackmen, winning the discus in every meet. John Bent and Lobban also stood out for the Huskies. In the outdoor GBCs Northeastern dropped back into third place behind Harvard and B.C. Post won the javelin toss for the third consecutive year, setting a new GBC mark.

CREW

After a sensational maiden season of rowing just two years ago, which culminated in a post-season trip to Henley-on-the-Thames, England, for the Royal Regatta, Northeastern's upstart crew moved to the tougher competition provided by the Eastern Association of Rowing Colleges (EARC) in its second year. And Coach Ernie Arlett was not disappointed with the results.

The Husky varsity topped every crew in two regattas out of five, finishing runner-up in the other three. In an exhibition, Northeastern was second to the Potomac Boat Club of Washington, D.C., in the second annual "Head of the Charles Regatta," which launched the season unofficially.

The Huskies began their first "major season of rowing on Long Island Sound in the Orchard Beach (N.Y.) quadrangular regatta against established "eights" from Syracuse, Dartmouth, Brown, Boston University and Trinity. Arlett was fortunate in having seven returning veterans, including Captain Don Moodie at the bay (first) seat, Bob Kean (seat two), Dave Lister (four), Larry Gluckman (five), Paul Lavelis (seven), Malte Lucas (bow) and Dave Hingston (coxswain).

The Orchard Beach course (200 meters) was Olympic-length as the Husky varsity, junior varsity and freshman boats took part. The varsity gave MIT a strong race, but it struck a submerged buoy midway through the course and couldn't catch the Engineers.

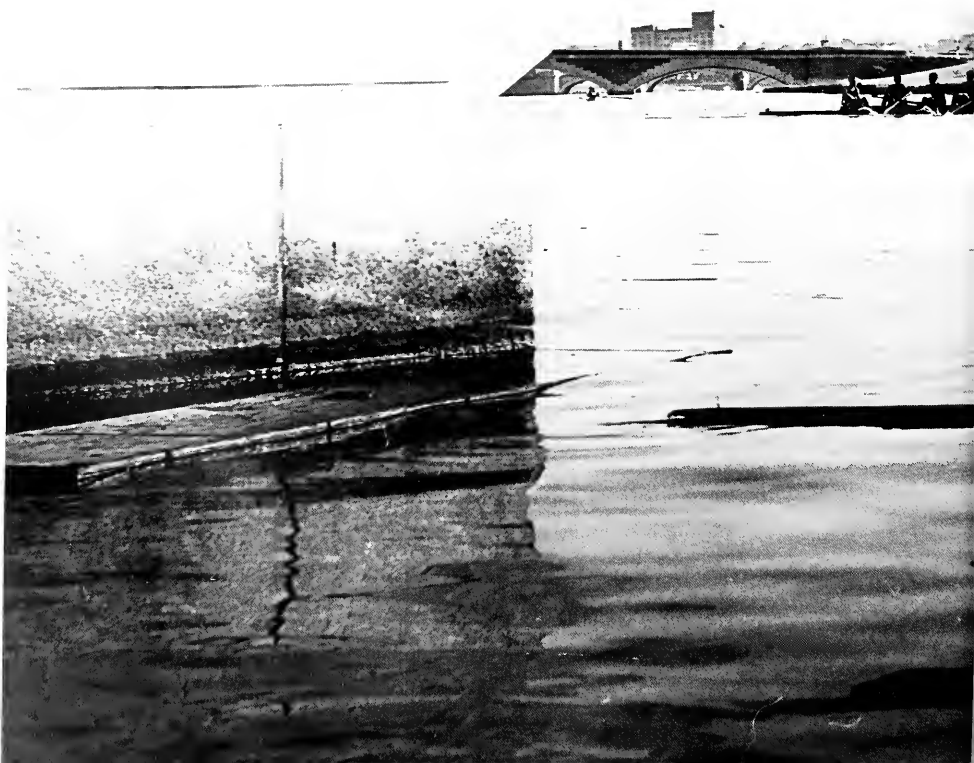

The second meet came on Onondaga Lake, Syracuse, in the Packard Cup Regatta with a stiff jump in distance for the Huskies — two miles. Northeastern showed surprising strength as the freshman boat streaked by Dartmouth to win by two lengths. The jayvees gave Syracuse a battle, only to lose in the final 30 seconds. The varsity fell behind a fast-breaking Syracuse "eight" and finished two lengths behind.

The Huskies hit their first dual meet in late April and one of the best crews in Brown history edged Northeastern by $1\frac{3}{4}$ lengths on the Charles. A local triangular regatta followed and the Husky varsity breezed to a 16-second victory over B.U. and Eliot House of Harvard. Trinity came next and the Dad Vail champions fell by eight lengths on the Charles.

Northeastern's most formidable competition came at the EARC Sprints on Lake Quinsigamond, Worcester, where a highly-touted Harvard boat was the class of the field. The Husky freshmen qualified for the finals, but the varsity was nosed out by crews from Princeton and Cornell. But as Coach Arlett asserted: "Those other crews knew they had been in a race."

Memories are like old films — overexposed, spotty, and more fragile than reality.

HOMECOMING 1966

Homecoming is the crowning event of the autumn season, revolving around a football game with such side-shows as parties, dances, and concerts. Only the game, however, can spark a little extra enthusiasm from both cheerleader and Mr. Huskey alike. In the frenzy of the final quarter, the hoarse screams of the spirit boosters and of the spectators dissolve into a contest between the two factions.

Among the student body, the Homecoming game elicits special interest in a newly elected queen who will reign over the week-end activities, as Donna Willoughby (opposite page, upper right) did during the 1966 events. Adding more color and excitement to the game are the floats which, this year, were torn down before half-time.

Many viewers find the game itself the most exciting element of Homecoming, especially when it culminates in a Northeastern victory. This year the Huskies triumphed 15-14 over the University of New Hampshire, providing the Greeks with an unbeatable excuse for celebration.

Drained by the excitement of the week-end, the students begin to recuperate.

The Silver Masque is a group of undergraduates working together to create the stage productions scheduled by the university's Department of Drama and Speech. Their talents are utilized in all the aspects of the theatre world—acting, set design, lighting, wardrobe, and make-up.

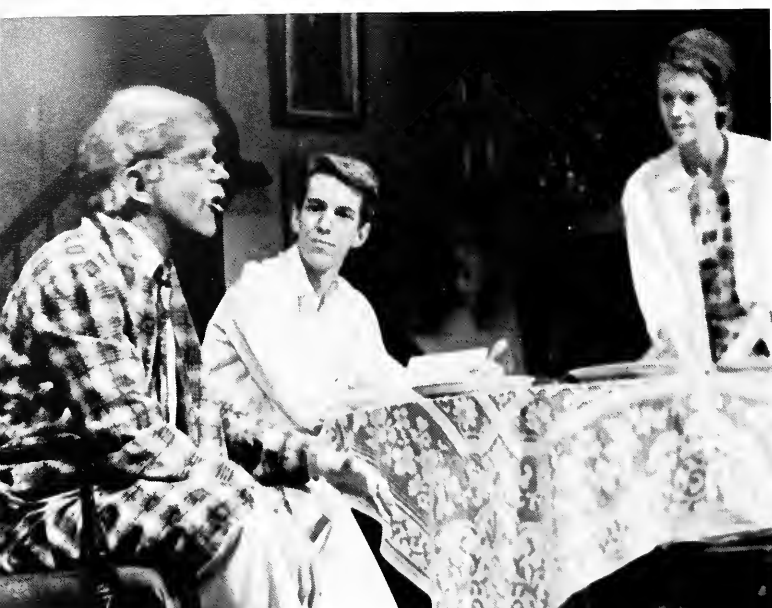

Each production requires special attention technically because of the type of script selected and the stage used. The play may be a piece of classical theatre presented in the auditorium, or it may be a contemporary work put on the boards in the more intimate studio.

The first production of the Children's Theatre

in the 1966-1967 season, 'The Snow Queen', required actors to become flowers, snowflakes, and reindeer. As a result, all of the roles needed special effects in costuming and make-up.

In spite of the differences between each production, the same steps are always taken. The members of the cast spend hours rehearsing the same lines and learning new positions while the director criticizes. At the same time, the crew builds sets around the actors or practices the lighting patterns.

Thusly, the members use their ingenuity in bringing the script to life.

PURSUIT
OF
HAPPINESS

The summer of 1966 was long and hot, especially for Division B, the first division to be on campus from June until December thanks to the flip-flop plan.

Classes began at 8 o'clock in the morning, and some of the professors were almost as sleepy as their students. Everyone had at least one class in the nursing building whose air-conditioning worked too well. After shivering in there, some students were forced to sweat out classes on the fourth floor of Hayden Hall, reputed to be the hottest place on campus.

There were compensations for the weather and changing professors in the middle of the term. Most of the classes were small enough to be conducted as seminars. Also, there were so few students on campus that everyone could get a seat in the Commons at noon.

It was then, during the summer term, that the university seemed to be more like a campus college than the urban school it is.

A flower exists between the seasons of sowing and harvesting, and its beauty is enhanced by its brief existence.

Like a flower, the matured mind is allotted its season; the future unfolds the poignant bloom.

The 1967 Cauldron was unable to cover every Northeastern student group adequately because of a small staff, as well as the limitations of time and amount of space in the book.

The Cauldron would like to present a small section of candid photos of some of the groups which could not be covered more accurately in regard to membership. Instead, the organizations are shown in terms of their function as members in a group rather than a record of the membership in 1967.

editor's note

I would like to thank those persons on campus who contributed in some way to the publication of the 1967 Cauldron.

I am especially grateful to my staff, without whose help this book would not have been published. Together we produced an excellent yearbook. The quality of the book is worth the traumatic experience of creating it.

*Sincerely yours,
Elizabeth Roman*
